

# HERE BE MONSTERS

by Jonathan Emmett & Poly Bernatene

**MACMILLAN**

## Jonathan Emmett EVENT OUTLINE

When greedy Captain Cut-Throat hears of a mysterious jewel-strewn island, he can't wait to get there, even if it means sailing through monster-infested waters. 'Monsters don't exist!' insists the captain, but his crew are not so sure.

Join author **Jonathan Emmett** for a swashbuckling tale of dastardly pirates and mysterious monsters. Hear how a five-hundred-year-old sea map inspired the story, then create your own map of a monster-infested island and mark it with a cross to show where you think the treasure might be buried. At the end of the event the location of the treasure is revealed and the child whose cross is nearest wins a signed copy of the book.

**Suitable for ages 4-8 • Maximum 60 children**

**Session Length 60 minutes**
