

# THE TYRANNOSAUR'S FEATHERS

by Dr Adam S. Smith,  
Jonathan Emmett &  
Stieven Van der Poorten

## Author Event Outline

*Tyrannosaurus rex* may be the king of the dinosaurs, but that doesn't stop know-it-all *Velociraptor* from telling him he looks old-fashioned and needs a makeover.

Join picture book authors Dr Adam Smith and Jonathan Emmett for an amusing and informative look at how new discoveries have transformed our understanding of *T. rex*'s appearance since this giant prehistoric predator was first unearthed over a century ago. Then see if you can win a signed copy of the book by taking part in *The Latest Evidence Knockout Quiz* game.

**Suitable for ages 6-11 years**

**Maximum 60 children**

**Session Length 60 minutes**

The biggest dinosaur poo ever found  
is thought to have come from a *T. rex*.

How long is it?

43 cm  
as long as this miniature poodle

67 cm  
as long as this standard poodle
